 Portfolio

## PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in React, JavaScript, and modern web technologies. Transitioned from operations and technical support roles, bringing exceptional problem-solving skills, attention to detail, and a proven track record of meeting deadlines in fast-paced environments. Experienced in building accessible, responsive web applications with focus on user experience and code quality. Certified in IT Support and Cybersecurity with hands-on experience in React, testing, and component architecture.

## TECHNICAL SKILLS

**Frontend:** React, JavaScript (ES6+), HTML5, CSS3, TypeScript

**Styling & Design:** CSS Grid, Flexbox, Responsive Design, Figma

**Tools & Libraries:** React Router, React Testing Library, Git, GitHub

**Additional:** REST APIs, Linux

**Concepts:** Accessibility (ARIA), Component Architecture, Test-Driven Development

**Soft Skills:** Problem-solving, Team Collaboration, Time Management, Communication

## TECHNICAL PROJECTS

### Portfolio Website

[Live Demo](#) [GitHub](#)

*React, CSS3, JavaScript, Intersection Observer API*

Personal portfolio showcasing frontend development projects with modern design and smooth user experience.

- Designed and built responsive portfolio from scratch using React and CSS Grid/Flexbox
- Implemented custom scroll animations using Intersection Observer API for engaging UX
- Created reusable React hooks and components for maintainable code architecture
- Deployed with CI/CD pipeline using Vercel and GitHub for automated deployments

# Little Lemon Restaurant Booking System

[Live Demo](#) [GitHub](#)

*React, React Router, React Testing Library, CSS3, JavaScript*

Full-featured restaurant booking application with form validation, routing, and comprehensive testing.

- Built multi-page booking application with React Router for seamless navigation experience
- Implemented form validation using useReducer pattern for complex state management
- Wrote comprehensive unit tests with React Testing Library to ensure code reliability
- Developed accessible navigation with ARIA labels, semantic HTML, and keyboard support
- Designed mobile-responsive interface with hamburger menu for optimal mobile experience
